

**NORTH MISSION VIEJO LITTLE LEAGUE
2010 TRAINING AND DEVELOPMENT PROGRAM (WINTERBALL)**

The NMVLL training and development program is open to all children of league age 7 through 15 within our local league boundaries. This program begins in September and runs through the end of November.

Games are conducted on an informal basis. No official scoring, statistics or standings are kept for development teams. Pitchers are limited to a maximum of two innings per game. There is usually one practice held on an evening during the week. NMVLL may play inter-league games with other leagues in the MV area. (Games are played at Beebe, Curtis, Gilleran, and YAP) We will attempt to schedule most games on Sundays with some Saturday afternoon and evening games to be scheduled as needed. Field availability will be the key issue as it relates to game schedules.

Local league rules are granted the option and flexibility to determine the assignment of players to a division based on their league age. This enables a smoother transition from one division to another. This program is designed to help develop the necessary skills needed to play at a player's desired level. This could mean a time of remediation for a player who didn't quite master those skills during the regular season or preparing a player to perform at the next division's level.

The registration fee is \$75.00 per player for competitive (includes fee to District per team) and \$55.00 per player for development and covers many league expenses, including uniforms (t-shirt and hat), player and volunteer accident insurance, and equipment. For any questions regarding the Training and Development program, please visit our website at www.NMVLL.ORG, email TAD@nmvll.org, or contact our league line at **949-951-5119**.

2010 NMVLL "WINTERBALL" APPLICATION

PLAYER'S NAME _____ DOB: _____

LEAGUE AGE _____ (as of 4/30/10)

PARENT/GUARDIAN NAME(S) _____
